HOW TO UNLOCK CAMERA
AND MICROPHONE IN CHROME
How to unlock camera and microphone in Chrome browser

1. Click on the secure lock at the left corner of the website address. Then click on the “Site settings” section.
2. You will be moved to the Settings section.

3. Click on the “Ask (default)” and see the other options.

4. Choose the option “Allow” or “Ask (default)” to use your camera.

5. The same steps choose with the microphone settings.
