

HOW TO UNLOCK CAMERA AND MICROPHONE IN SAFARI

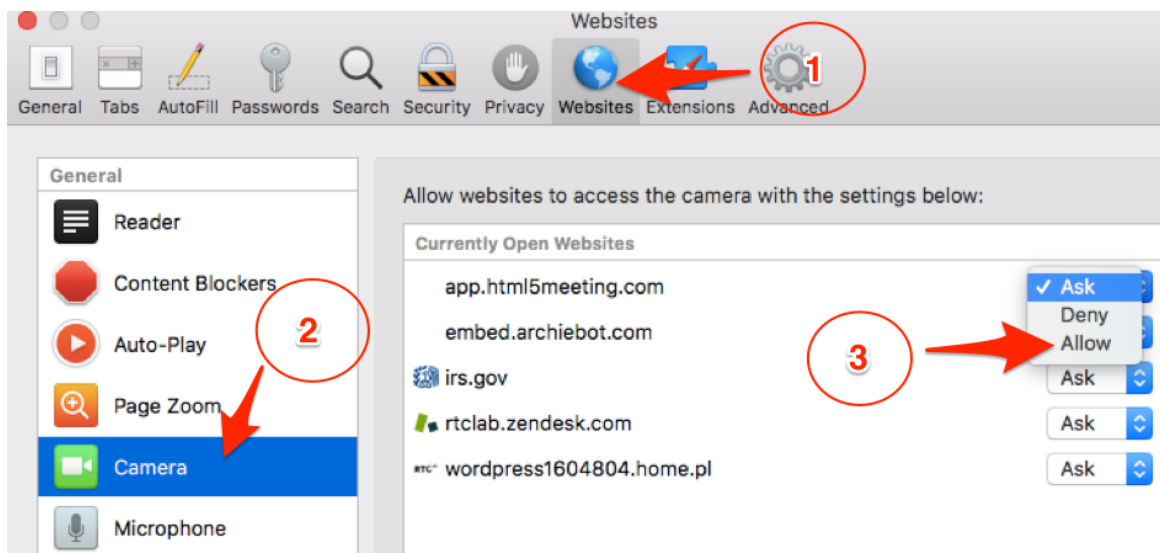

How to unlock your camera and microphone on Safari browser

1. Click on the Safari at the left upper corner of the website. Then click on the "Preferences" section.

2. You will be moved to the Preferences section. Choose "Websites" on the upper menu. Then choose camera on the left menu and change settings in: app.html5meeting.com and embed.archiebot.com for "allow".

3. The same steps choose with the microphone settings.
