

LiveWebinar

## SCREEN SHARING

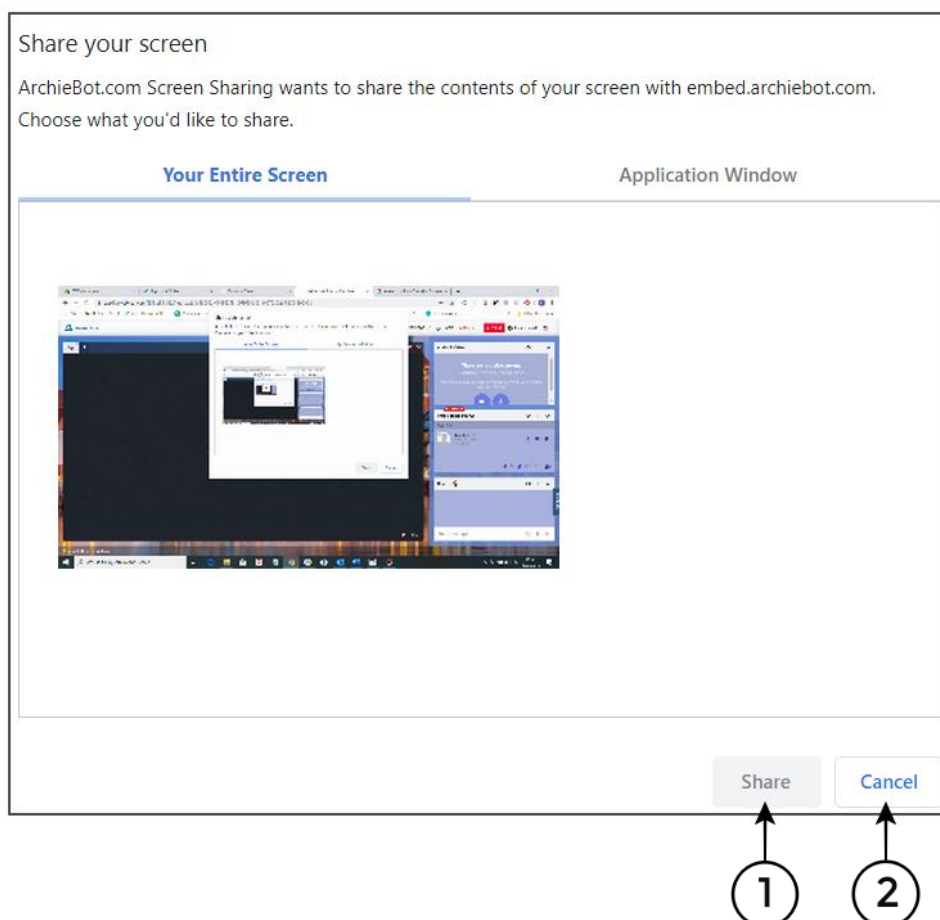

## Description

This option allows you to share your whole screen or application window with other participants. It is available on Chrome, Firefox and Opera browsers. You can find this option in menu signed with “+” in the left upper corner.

## Share Entire Screen

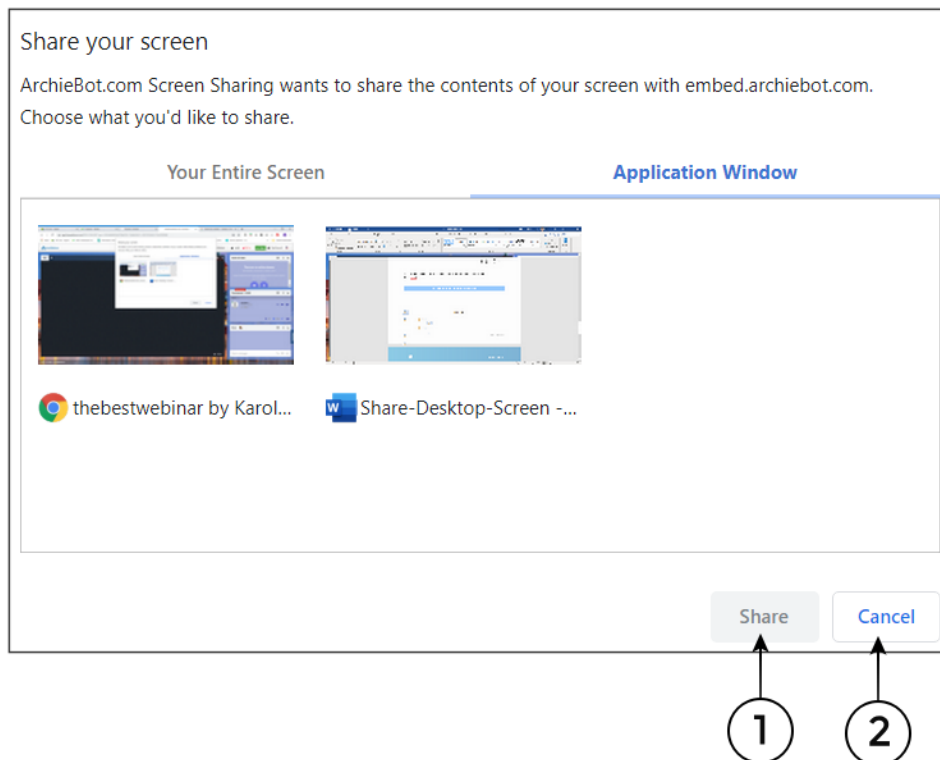

It allows you to share your entire screen with other participants.

1. Share – to share your entire screen with other participants
2. Cancel – to cancel your choice

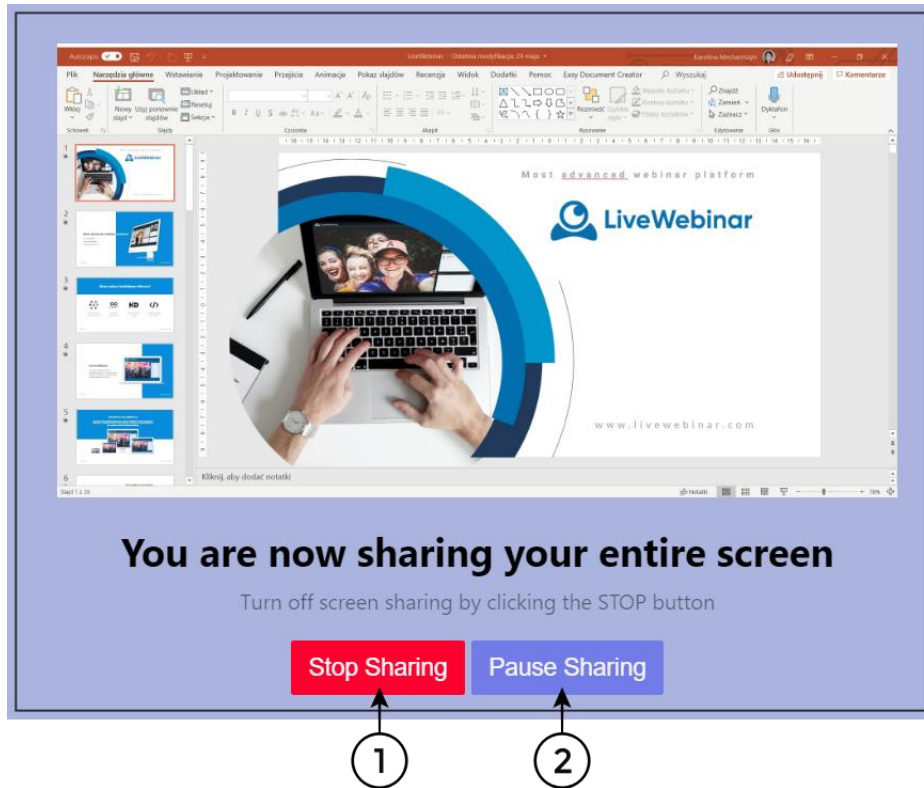

## Share Application Window

It allows you to share chosen application window on your computer if you do not intend to present your entire screen.

3. Share – to share your application window with other participants
4. Cancel – to cancel your choice

## Stop Screen Sharing

The image shows a presentation slide with a blue background. At the top, there is a screenshot of a software interface, likely a webinar platform, showing a slide with the LiveWebinar logo and a video feed of three people. Below the screenshot, the text reads: "You are now sharing your entire screen" and "Turn off screen sharing by clicking the STOP button". At the bottom, there are two buttons: a red "Stop Sharing" button and a blue "Pause Sharing" button. Arrows point from the buttons to the numbers 1 and 2, respectively, which are circled.

**You are now sharing your entire screen**  
Turn off screen sharing by clicking the STOP button

**Stop Sharing** **Pause Sharing**

1 2

To stop screen sharing please choose 1 and to pause sharing please choose 2.
